

This term in Reception:

Let's Explore

In the Let's Explore project, the children will explore their class environment and school grounds so that they feel settled and happy in their new surroundings. They will learn about the local environment and find out about places they have visited on holiday. They will look at and create maps for journeys.

Marvellous Maths!

We are going to be very busy this term working with the children to develop their number skills. We will be learning to recognise and represent numbers in a variety of ways, as well as exploring the different ways in which each number is made up. Please encourage your child to do lots of counting and see which numbers they can recognise!

Reading

We will be starting our phonics lessons and helping the children to start learning to read straight away. It is very important that they also practise their reading at home. Please ensure your child has their book in school every day.

Writing

We will be learning how to form the letters in the alphabet and also how to write our names. We will start writing words using our phonics sounds.

R1 and R2 have P.E.
every **Wednesday**
and Friday

Please bring your child into school in their PE kits on these days.

Please ensure your child is also wearing a school jumper or PE hoodie over their P.E. kit.

Please make sure all of your child's uniform and equipment has their name written on it.

Other information:

Children **MUST** bring a water bottle and coat with them each day. We go outside in all weathers so your child will need a coat.

Please encourage your child to put on and zip up their own coats.

Please make sure your child's reading book is also in school every day.
